OPENING BAND CONCERT DRAWS BIG AUDIENCE

The opening concert, in a proposed series of concerts to be given by the Sixteenth Canadian Scottish band at the Capitol Theatre, was attended last evening by a large turn-out of people. Admittedly, James M. Miller, with thirty-five instrumentalists under his able direction, rendered an excellent programme and among the numbers most enjoyed were the Oriental fantasies. "Eastern World" (Cherette), which called for the special "Maid of Delight"; the cornet quartette in two selections (unaccompanied), by four junior members of the band which also elicited an extra number, the grand march "Vivacious" (Farrar), "Operetta", arranged by Godfrey and the solo, "The Wren", brilliantly executed by Bandman Jones, were enthusiastically received and redemanded.

MEERL NORTH: SIDNEY WHITE
Assisting in the programme were Merlin North, soprano, and Sidney White, baritone. Miss North achieved considerable success in the solo, "The Valley of Laughter", meeting with prolonged rounds of applause and was brought to the platform again after singing as an encore "The Star." The young singer is destined to go far in the sphere of musical choice. Mr. White also delighted his hearers "Drummond" (Sanderson), and was recalled, giving Hammond's pretty song "Recompense," putting the nice quality of the singer's voice admirably. Mrs. Clifford Walker, as accompanist in her usual able manner. The concert was under the distinguished patronage of His Honor Lieutenant-Governor R. Randolph Bruce, and Miss Helen Mackenzie, col. the Hon. Walter G. Mackenzie, Lt.-Col. B. Martyn, D.S.O., and the officers of the regiment.

Catholic Women Busy on Spring Bazaar Plans
At the February meeting of the Victoria subdivision of the Catholic Women's League, held in the library of the Bishop's house, with Mrs. W. M. Manus presiding, the report of the treasurer Mrs. Chapman, and of the secretary, Mrs. O'Neill, were heard with satisfaction. Mrs. Couture was chosen honorary director for the coming month. A circular letter for the coming month, president Mrs. J. D. Dugan of Edmonton was read, in which the year's programme for the league was explained, and the various subdivisions congratulated upon their work in national affairs. A letter from the public relations convenor of the Local Council of Women, Mrs. A. Booth, was read, asking the league to participate in the tag day on March 10 in aid of the endowment fund for the children's operating table at the Jubilee Hospital. It was decided that the league should take a corner as usual. Mrs. McManus was named convenor of the magazine in place of Mrs. E. M. Casin, who had resigned. Those ladies who were responsible for the successful tag parties and sale of some cooking for the funds of the subdivision were warmly thanked for their efforts.

The Spring sale of work will be held on April 14, and the Children's Day will be held on April 21. Mrs. Doyle will be in charge of the candle stall. Mrs. O'Neil and Mrs. Doyle will be in charge of the home cooking, and Mrs. O'Neill and Mrs. Hunter the afternoon tea. An apron will be given in preparation for this. It will be held at the church hall, the convenor of the subdivision, which will also be the annual meeting. The nomination committee appointed included Miss O'Brien and Mrs. Monahan.

Letters of thanks for sympathy expressions were read from Mrs. McManus, Mrs. Chapman and Miss Edith A. A. letter of sympathy to the bereaved family of Mrs. McBrady was ordered sent. Mrs. McBrady having been a valued member of the Catholic Women's League and of the Sacred Heart Fund and of the Social Service were authorized. It was announced that the Oak Bay Subdivision of the Catholic Women's League will hold a membership and silver tea on Shrove Tuesday at the home of Mrs. C. E. Wilson, York Road, Uplands.

Edmonton Bonspiel

Edmonton, Alta., Feb. 20.—The Rooster rink skinned by Joe Hartwell and consisting of Charlie Taylor, third; J. D. Lang, second, and R. A. Duncan, lead, will represent the province of Alberta in the Dominion championship curling tourney for the Macdonald Trophy to be held soon at Toronto.

Playing the Rooster rink on Saturday, the Hartwell's won the right to represent the province by defeating the McKinnon rink of Calgary in two straight games by scores of 9-4 and 10-7.

In the first game the Hartwell's faced seeming defeat when they went down 7-2 at the seventh end, but then rallied remarkably, scored seven points in the next four ends and edged home in front.

The second clash was no nervous wracking, for the Hartwell's, they being 4-1, and the rink tied it at the fourth and never looked behind from then on to win out easily. The better rink, on the day's play, won.

The Hartwell's will leave from Rose town for the East on Wednesday.

Winnipeg Bonspiel
Winnipeg, Feb. 26.—Gordon Hudson and his aggregation of local St. John's Club curlers will represent Manitoba in the Dominion championship at Toronto.

In the final day's play of the Manitoba Curling Association's fortieth annual bonspiel, Hudson won the McDonald Cup, iron trophy, emblematic of the provincial championship, Saturday, defeating Hugh McDonald of Deer Lodge, 7-6.

Hudson and Howard Wood of the Granite Club tied for grand aggregate honors of the 'spiel with twelve wins each, but the former won the trophy in a special play-off series, early this week.

Edward Rutledge of Port William, Ontario, won the Hudson's Bay trophy after a great battle with McLeod of Sackatoon, which went an extra end. The score was 10-9.

John Watson of the local St. John's Club captured the Dingwall trophy and the Keween Cup.

The personnel of the champion Hudson rink follows: W. A. Grand, lead; R.

Singbuck, second; C. Penwarden, third,

and G. Hudson, skip.

Victoria to Have Steam Taxis

A steam taxi will be in operation in Victoria on and after February 20, state Corbett and Holmes, agents for the Brooks steamer.

The performance of the steam car is fascinating, its acceleration is so smooth and effortless, that it is difficult to appreciate the celerity with which it can stop.

It glides away so silently it gives the impression that there is a car with no engine at all.

The car started by opening a throttle, and slowed down by closing it. In ordinary driving the only other control member used is the pedal.

Members of V. A. & A. No. 7, G.I.R.C., are requested to assemble at the Masonic Temple, Victoria on Wednesday, February 22 at 2 p.m. for the purpose of attending the funeral of the late Mr. W. J. Jenkins, Brethren.

Members of local lodges and other brethren in good standing are invited to attend.

Suit For \$10,000
Follows Affair

Hamilton, Feb. 20.—With a criminal charge still pending, George Greening of Hamilton and G. C. Scott of Toronto, who with two young women visited the home of Alfred Hanley and his wife in Ancaster township January 14 last, are now defendants in a \$10,000 civil action brought in the Supreme Court of Ontario by Alfred Hanley and his wife. A week ago Greening and Scott were committed for trial on a charge of assaulting and doing grievous bodily harm to Mr. and Mrs. Hanley. The two girls were discharged, while Greening and Scott were released on \$2,000 bail each.

The claim is for damages declared due to injuries received by the complainants in the alleged assault.

Meanwhile, the peace of Chinatown is believed to be re-established. Careful police surveillance and stringent measures to suppress any sort of disorder have been taken. At the present time there is no hint of further trouble, according to Chinese authorities.

AS MEDIATORS

B. Qwun-Ke, Chinese consul from Vancouver, organized a delegation of prominent Chinese who came here from Vancouver and met on Saturday night as mediators between the operators of the Consolidated Chinese Council and the Chinese Freemason Society or Chee Kong Tong and from the Chinese Nationalists met there and discussed the situation.

The meeting was held behind closed doors, late Saturday night the delegates remained in conference. This morning word went out that there had been no settlement reached and that the meeting had dissolved after arguments without coming to a definite result being established. To-day the peace agreement was awaited by both forces. But up to a late hour it was not forthcoming.

In the words of one prominent Chinese: "It appears that the meeting of delegates here has been fruitless."

WORLD WATCHES AS U.S. NAVY BUILDING BILL IS DRAFTED FOR DISCUSSION

(Continued from page 1)

TIME LIMIT

Representative Britten said he did not believe that fixing of a time limit for the laying down of some of the ships would meet with serious opposition by President Coolidge and he suggested such a limit might be established in the bill for ten or fifteen of the cruisers and one or two of the aircraft carriers.

Completion of the new cruisers in 1936, Britten said, would give the United States only 330,000 tons of eight-inch gun cruisers against the British program at the Geneva Conference of 460,000 tons and the thirty-cylindered Triples, which had not yet been approved for the try because of mechanical discrepancy.

IMPROPTU EFFORT

Captain Campbell, after his successful dash of a mile up the beach in 16 minutes, had run for more than 16 miles an hour, and his mile run back down against a stiff gale, exceeding 199, to make up his official mile, said he had not anticipated a formal effort at the record when he started out. But for the fact he had taken only a four-mile rolling start, said the captain, he would have bettered the record still more.

"My motor had begun to pick up good when I crossed the mile stretch," he said. "It was making about 208 miles an hour when I crossed the wire and did not pick up until I had passed the half-mile mark. Just before I finished the mile I glanced at my instrument and saw I was making 220 miles an hour. Before I could look up I had crossed the final wire and was headed for the soft sand dunes."

At that juncture the 5,000 spectators feared a fatal accident and Mrs. Campbell, in the stands, covered her face with her hands until a tense moment of anxiety had passed.

LOST CONTROL

The captain tells the story: "My machine struck a terrible bump in the sand and I lost complete control of my steering. I bounded half-way out of the seat, my feet left the accelerator and brake completely and my goggles were torn from my head by the wind.

"It happened so quickly that for an instant I looked for a bad spill. I steadied myself quickly, however, and righted the car."

Captain Campbell gave major credit for the recovery to a rigid fin similar in appearance to an aeroplane rudder, which had been set up at the rear of the automobile to prevent tail wagging at high speeds.

START NEEDED

Captain Campbell declared the performance of his machine had proved to him he had not lost a longer distance. "I started to decide to make another attempt later to better his own mark."

"I did not have my machine opened up at any time during the trial," he said. "When I entered the race the machine started after taking a four-mile start, my machine had not even started to pick up and it did not begin up until I had covered half of the mile."

"My instruments are accurate and I know all during my runs just what speed I was making."

LOCKHART MAKES TESTS

Shortly after Campbell had made his run, Lockhart brought his car on the track for a second run. On the second start, with and without the wind, Lockhart slipped off 181 miles an hour, but said he would not attempt a new record before to-day.

Until yesterday the record was 203.79 miles an hour, made here last year by Major H. D. Segrave of England, and in his machine, Sunbeam special.

In setting the new record, Campbell won the \$5,000 cup offered by Sir Charles Wakefield of England, for the first driver to break Major Segrave's record.

After he had completed his run, Campbell drove his car to the pit and was greeted with cheers from the grandstand.

For thirty minutes, he and his machine were surrounded by hundreds of spectators, who rushed to extend their congratulations.

SEGRAVE PLEASED

London, Feb. 20.—Major H. O. D. Segrave expressed pleasure when informed a fellow countryman, Captain Malcolm Campbell, had advanced his own world speed record for automobile.

He advised, however, against being too optimistic about Campbell's holding the record, "I fear Frank Lockhart may beat it. If he does then I certainly will try again for the record again, and if it is for Britain, the record will be kept it as far as I am concerned."

The attitude of Reeve Crouch towards the movement for secession had not changed since the recent municipal election, when he stated that he would take no part in any counter campaign.

The Reeve has recently made a counter proposal of interest to the rural district, suggesting that he would personally support a policy of spending in the rural areas the full amount of the taxes collected in the city, and to be associated with the share in Provincial contributions earned by those districts.

COMPROMISE IN MILK IS FORECAST NOW

(Continued from page 1)

to anyone. Members behind the proposal, however, are hopeful that when Mayor Taylor and his associates see the amendments proposed they will drop their protest.

CLEAVAGE IS SEEN

Meanwhile there is a clear-cut cleavage opinion in the House. Support for the bill will come from rural members on both sides, while chief opposition will be registered by representatives of Vancouver city. Vancouver members are credited with immediate amnesty against the measure, but sponsors of the bill are hopeful that even they will accept the legislation in its amended form.

Supporters of the scheme let it be known, here, that the members will be asked to accept and compromise, which preserved the principle of distributing losses in the sale of surplus milk among all producers. They are prepared to eliminate the Government entirely in the appointment of the committee which would administer the act and the other objections to the bill in connection. Sponsors of the bill, in fact, are prepared to leave the Government out of the scheme altogether.

After Wednesday's hearing before the agricultural committee the legislation should be in the House late in the week or next. It will be introduced by a private member and will be debated on a non-partisan basis.

206.95 MILES HOUR IS NEW AUTO MARK

(Continued from page 1)

The new record for earth-bound vehicles came while two others also awaited an opportunity to test their machines against time—Frank Lockhart of Indianapolis with a Stutz Black Hawk Special and Mr. M. L. of Philadelphia with thirty-cylindered Triples, which had not yet been approved for the try because of mechanical discrepancy.

GREAT CHALLENGE

Representative Howard, Democrat, Nebraska, also issued a statement opposing the naval programme, declaring it constituted "a monstrous military challenge" and "serves notice the United States Government is not in sympathy with the sentiment of civilization humanity."

Geneva, Feb. 28.—What they saw as the power of United States public opinion in forcing the Government to reduce its naval programme was the subject of much comment here among delegates to the International Committee on Security, which convened to-day.

Commenting on dispatches from the United States, the delegates said there was no reason why the move, which had been agreed upon, should not spread over Europe and prove a potent force in causing statesmen to prune ambitious armament projects.

A "MOUTH-WATERING" BUDGET

THE CANADIAN BUDGET IS OF A kind to make an Englishman's mouth water. It is one more proof that Canada to-day is perhaps the most enviable country in the world. It is being borne along on a tide of natural, enduring prosperity. After all, it is only a meagre reward compared to the certainties of the future. Young men and women of character and pluck should not hesitate. The heritage of empire and chance of fortune are there to seize."

This is the way The Daily Express of London discusses the budget which Hon. James A. Robb introduced in the House of Commons at Ottawa last Thursday. The Sunday Observer adopts a similar tone and remarks that Hon. Mr. Robb "introduced the budget to make European finance ministers envious." The Express alludes to the "certainties of the future" with an intimate knowledge of conditions, its Canadian owner knowing whereof he speaks. But other journals now should be able to discuss Canadian affairs and Canadian conditions with much more accuracy than they did years ago, since so many Old Country journalists have toured the Dominion in recent years.

Neither of the above references, however, exaggerates our excellent economic condition in the least. Our financial authorities have been telling us for many months past that they are satisfied with the business the country's financial institutions have been doing. At the recent annual meeting of the Canadian Bank of Commerce Sir John A. Macdonald referred in glowing terms to the progress the Dominion had made in the last few years and he did not apologize for his optimistic forecasts. Incidentally, he alluded to one matter which it is to be hoped our pessimists have noted. He complained of the serious damage that often is done "to the fair name of Canada by the 'knocker,' through the exaggerated use of isolated incidents or phenomena." Rather, said he, would it be wiser for us to advertise to the world the many advantages we possess than to proclaim, "as though it were a general condition, some unfortunate individual cases."

Sir John A. Macdonald's advice should be taken by all Canadians.

ONTARIO PLACE-NAMES

MANY ONTARIO PLACE-NAMES OWE their origin to Colonel John Graves Simcoe, Lieutenant Governor of Upper Canada from 1792 to 1796, according to the Geographic Board of Canada. As the first governor of the new province, it devolved upon him to organize it politically and in 1792 he divided it into nineteen counties, which he called Glengarry, Stormont, Dundas, Grenville, Leeds, Frontenac, Ontario, Addington, Lennox, Prince Edward, Hastings, Northumberland, Durham, York, Lincoln, Norfolk, Suffolk, Essex and Kent. With the exception of Suffolk, all these names still survive. The counties Northumberland and Kent are named after the shires and counties along the east coast of England.

Before sailing from England, Simcoe had considered calling the capital of the upper province "Georgina" after the reigning sovereign, George III, but this name was never actually given. On first surveying the situation in Upper Canada Simcoe's intention was to locate the capital where London now stands, but owing to obstacles, chiefly the difficulty of transportation, he later relinquished this plan. London, as is shown by the Governor's correspondence, received its present name some time previous to September, 1793. Earlier in the year, the river La Tranche, on which London stands, had become the Thames, and Chatham had been selected as the name of a projected city eighteen miles from its mouth.

Simcoe was no respecter of Indian names and under date July 24, 1793, there is mention of the probable seat of government being for a time established at "York." Toronto was thus renamed in honor of Prince Frederick, Duke of York, and the Indian name was not restored until 1834.

Other place-names in the vicinity of Toronto due to Simcoe are Humber river and Don river, named after the rivers of the same name in Yorkshire, England; Yonge street, thirty-two miles long, after Sir George Yonge, Secretary of State for War, a neighbor; and Dundas street after Henry Dundas, Viscount Melville, Secretary of State. All these names date from 1793 as do the re-naming of lac aux Claies as lake Simcoe, and the giving of the names Kempenfelt and Cook to bays in the lake.

Lake Simcoe was named after Colonel Simcoe's father, Captain John Simcoe of the Royal Navy, who was killed in action at Quebec in 1759; the two bays were named after Rear-Admiral Richard Kempenfelt and Captain James Cook, the circumnavigator, both of whom had served with Simcoe's

father. At this time, too, Holland river was named after Surveyor-General Samuel Holland and Matchedash bay in Georgian bay was renamed Gloucester bay, after William Henry, son of George II, first Duke of Gloucester, but the name never came into general use.

Simcoe himself is commemorated by Simcoe county, which was called after him in 1798, two years after he had returned to England.

A.D. 1846!

VICTORIA READERS OF THAT WELL-known Old Country illustrated daily, The Daily Mirror, no doubt have observed an excellent picture of timber operations portrayed in a recent issue. The subject shows a "topper" plying his somewhat perilous calling nearly two hundred feet in the air, the portion to which his attentions have been directed being in the act of snapping and crashing to the ground. The wording under the picture tells the reader that it is a "topping job" but winds up with this: "A Scene in Seattle, Canada." We seem to have seen the picture before and to remember it as a scene on Vancouver Island, British Columbia, Canada. Our London contemporary had better look up a few dates on Canadian boundaries. It will find that the Treaty of Oregon, which lopped off Washington from Canada, was signed on June 15, 1846. There was no Seattle then. But the tree in the picture already was doing nicely on this side of the 49th parallel.

"RIDING HOBBIES TOO HARD"

RIDING HOBBIES TOO HARD IS THE way The Toronto Star describes the activities of Mr. Frank Barnum of Nova Scotia and Mr. W. O. Seeley of Hamilton. The former is the protagonist of Canadian forest conservation and the latter gets annoyed at every dollar's worth of material we import.

Mr. Barnum bombarded the newspapers of this country for some time in telling them that our forest resources were being depleted and in urging the Government at Ottawa to prohibit the export of pulpwood and pulp. For many months a good deal of space was given up to him by the press in Canada; but he was so disgusted at the small amount of progress he seemed to be making that he threatened to pack up and leave this country unless one or other of the political parties succumbed to his demands. It was this attitude, of course, as well as a recognition of the fact that there are two sides to most questions, that dampened the interest which the newspapers had taken, and from then on his propaganda was less conspicuous in their columns. Mr. Barnum, incidentally, has not packed up; he has merely taken his troubles to The Morning Post in London, to which hard-shelled Tory journal he has related some very doleful narratives about our forests. What he thinks he can do by using up space in the London newspaper we are not informed. The Quebec Chronicle-Telegraph thinks he is doing Canada a very poor service by his action. Neither The Post nor the British Government can help him in the least. They, perhaps, are not familiar with Mr. Barnum's association with the pulp and paper business. What we do with our forests, moreover, is our business.

The Toronto Star reminds Mr. Seeley that millions of dollars' worth of imports from the United States are represented by raw materials which we in this country need for our manufacturing industries.

In fact he ought to know, if he does not, that Canada imports more raw materials from across the border than she exports across the border. But some of our Conservative friends persist in telling us, in the face of facts to the contrary, that Canada is merely a hewer of wood and a hauler of water for her big neighbor. This, as The Star reminds us, for a long time past has been far from true.

WHAT OTHER PAPERS SAY

HELLO

From The London Observer

Lord Asquith, it seems, has never used the telephone in his life. He is evidently no lover of his old maxim, "Wait and See."

"LITTLE TICH"

James Butterfield in The Vancouver Daily Province

Let all who saw him mourn for Little Tich; this queer elfin character is no more; never again will his preposterously long boots flip-flop across the stage of the Oxford, the Alhambra, or whatever of the old halls are still left to bring the flavor of a more gracious and kindly time to the modern London; never again will the house rock with mirth as he peeks his head out from the wings and says: "It's me next," and settle back in the blessed assurance that they are in for twenty minutes of uproarious laughter.

With him passes a great tradition; he is the last of the Homeric school of music hall artist; the old vulgar-but-funny lords of the halls. They are all gone. What a hierarchy they were: Dan Leno, Herbert Campbell, Alec Hurley, R. G. Knowles, and a dozen others. And now Little Tich. He was only four feet high—but what a face!

This generation of artists depended for their efforts upon making the common things of life grotesque. The words of their songs were utter drivel, the tunes lamentable; their costumes were the last word in the impossible. But they made you laugh. And when I say they made you laugh, I mean laugh. Your whole frame shook and your whole being was abandoned to the exercise. It was not a passing cackle or something you did intentionally. It was what the doctors call a "reflex"—a muscular action produced automatically and over which you had no control. And all they had to do to produce this phenomenon was just come on the stage and look at you.

have made a clean-cut withdrawal of the charge he made. As near as we can now gather, Col. Peck says in effect: "If they are not guilty of the particular charge made, they are surely guilty of some charge." The explanation, writes Col. Peck, is if it fits in with his sense of fair play and what the occasion requires, then we are quite content with it, and he will hear no more from us on the subject.

I am not at all satisfied over the prospect of further publicity on this matter. On the other hand, I invited Col. Peck to substantiate his charge, if possible. Now I will add to this that if any or of his henchmen have in mind any other matter which they think might be advantageously over-elaborated on (the "over-elaborated" is good, and I am indebted to Col. Peck for the use of the phrase), then we have no objection.

In conclusion I am only going to suggest that in my humble opinion there might be better ways of enhancing his political prestige than by the method adopted by the Colonel on this occasion.

PRICE OF BREAD

To the Editor—Last summer the Vancouver bakers advanced the price of bread by reducing the weight of the loaf from eighteen to sixteen ounces, and Victoria immediately did the same.

About four months ago the Vancouver bakers reduced the price of breads on the basis of the loaf was twenty-five cents.

Victoria has not yet reduced the price, so Victoria housekeepers are paying twenty per cent more for bread than Vancouver. It is a case of daylight robbery. If Vancouver had advanced the price, Victoria would have done the same.

ESQUIMAL VOTERS

To the Editor—The editorial in today's Times on the question of soldiers and sailors voting in municipal elections is not quite fair to the Esquimalt Municipal Voters' Association. As one of the delegates I wish to give you some information in regard to the matter which was given in writing to every member of the municipal committee.

Registration on a list of municipal voters has nothing to do with the franchise. It has nothing to do with elections for the provincial legislature or for Parliament. Registration on it is not free to all. The property-owner must pay taxes. The male "householders" must pay seven dollars (poll tax and road tax) before he registers.

As far as I am concerned, I will tell you what I think about the Esquimalt voters' list.

BADMINTON IS WON BY ROYSTON

Defeat Dunsmuir and Comox
Clubs in Tournament Staged
at Imperial Pavilion

Cumberland, Feb. 20.—Members of the Dunsmuir Badminton Club of Cumberland and the Comox Club were guests of the Imperial "B" team at the Imperial Pavilion courts at Royston on Wednesday evening, when the visitors played together against the Imperials. Some very hard-fought matches were witnessed, much more than the scores would indicate, each point being won only after some swift rallying.

The Dunsmuir team was represented by Mrs. W. H. Cope, Mrs. W. Bennie, Mr. B. Wilcock; Miss L. Shepard, Miss L. and Miss C. Carey, Miss Pickett; Mr. T. Little, and Mr. R. Yates. Comox was represented by Mr. and Mrs. Edwards, Mr. Steel, Mr. Wilcock, Mrs. Cope, Mrs. Odey, and Mr. Ellis.

The Imperial team was represented by Miss Maxwell, Miss Graham, Miss Pearcey, Mr. and Mrs. Hughes, Miss Fairbairn, Mr. G. Wilson, V. Carey, H. Roy, P. D. Graham, Ash, D. Idiens, N. Robertson, J. Richardson, L. Edwards, Mrs. H. Idiens, Mr. Bayley and Mrs. Johnstone.

There was a good attendance of spectators and after the matches, tea was served, and the rest of the evening spent in friendly games. The score was as follows: Comox and Cumberland three matches, and the Imperials seventeen matches, the Imperial players names appearing first:

Carey and Wilson defeated Little and Bennie 21-18.

Steel and Ash defeated R. Yates and B. Wilcock 21-4.

Graham and Roy lost to T. Little and Edwards, 19-21.

J. Richardson and N. Robertson defeated Cope and Steel, 21-0.

Hughes and Bayley defeated Edwards and Ellis, 16-21.

LADIES' DOUBLES

Miss Graham and Miss Fairbairn defeated Miss Sheppard and Miss Pickett, 21-18.

Miss Maxwell and Miss Piercy lost to Miss L. Carey and Miss C. Carey, 19-21.

Mrs. Idiens and Mrs. Hughes defeated Mrs. Cope and Mrs. Johnstone, 21-18.

Miss Johnston and Mr. McLean lost to Mr. Steel and Mrs. Cliffe, 14-21.

D. G. Graham and Miss Maxwell, 19-21.

Miss Piercy and Wilson defeated Little and Miss Carey, 21-13.

Miss Johnston and Mr. Hughes defeated Cope and Mrs. Cope, 21-18.

Carey and Miss Fairbairn defeated Bennie and Miss L. Carey, 21-7.

Miss Graham and Ash defeated Wilcock and Miss Shepard, 21-4.

N. Robertson and Mrs. Idiens defeated Miss Pickett and R. Yates, 21-18.

L. Edwards and Miss Maxwell defeated Bennie and Miss Wilcock, 21-9.

Miss Piercy and Richardson defeated Mr. Steel and Mrs. Edwards, 21-18.

Bayley and Mrs. Hughes defeated Ellis and Mrs. Aubrey, 21-4.

Idiens and Mrs. McLean defeated Steel and Mrs. Steel, 21-4.

Mrs. Patterson of Nanaimo, who has been visiting Mrs. James Murray during the past week, left for home on Wednesday.

The Rev. Boudillion, of Courtenay; the Rev. A. W. Coker, of Comox, and Mr. Thed Pearse, of Courtenay, are attending the Anglican Synod in Victoria this week.

Workmen engaged on the erection of the new Cathedral are among the late donors to the offering box, the offering box containing drawings illustrating the development of English church architecture, given by the Archdeacon of Columbia in the Memorial Hall, to which the workmen and others interested in building the new Christ Church Cathedral have been invited.

J. W. Fraser, stonemason, on behalf of the masons, stonecutters and other employees of the contractors and the Canmore Stone Company, made the announcement that after due consideration they had decided to make a gift to the new church and the offering box of the part they had played in its erection. Their gift will take the form of two niches that will stand fourteen feet six inches high, in a conspicuous part of the great west front, some twenty feet above the top step of the west entrance. The niches will be given complete with pedestal, base, and brackets, surmounted by a trefoil head, with hoodmould over. Later, it is hoped, statues will be provided for the niches.

It is understood that all the men are giving out of their wages to make the niches.

The Bishop in acknowledging the gift said:

"I don't know of any announcement about our cathedral that has made me happier than this," adding that he thought it would be unique in the history of cathedral building in Canada. "I thank you from the bottom of my heart for your gift," he continued. "I am sure that what you have done will be an inspiration to us all."

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

A SOLUTION OF THE DRAFFY FLOOR PROBLEM
Mrs. T. S. writes: "We solved the problem of how to keep baby off the floor. My husband erected a platform in the dining-room eight inches from the floor and about four by six feet in size. We bought two extension porch gates for the side and end that were against the wall. This gives the baby plenty of room to play and does not cut off his view of the solid world. With a few playthings she is perfectly contented here and makes it possible for me to go about my work without fear of what she is doing. We have a washable cover for the floor of her pen."

MISSING WOMAN IS FOUND DEAD

Mrs. Ethel Morrison's Body Found in Vancouver Hotel

Vancouver, Feb. 20.—Sought by police since Friday, when she was reported missing by relatives, Mrs. Ethel Morrison, forty-five, of 1225 Fifteenth Avenue W., was found dead in a room in the Dunsmuir Hotel Sunday noon.

Answering a call to room 107, Detectives George Leffel and J. Laird found the woman lying prone on the floor of the room, her face buried in a folded towel. Nearby the detectives found two empty bottles which police believe to have contained ether.

Discovery of the tragedy was made by F. W. Main, head bellhop, who with the engineer forced the door of the woman's room to solve the question of her apparent disappearance.

Hotel authorities stated the woman registered there Friday, and had not been seen since. Saturday the housekeeper went to the woman's room, but found the bed had not been slept in, and she did not open the bathroom door.

Dr. Alfred Thompson was called and he declared the woman had been dead for some time. On orders of Dr. W. D. Brydone-Jack, coroner, the body was removed to the city morgue pending his decision as to whether an inquest is necessary.

Three girls gained the award of merit, which is given to the three best award winners by the R.R.B. Marjorie Shelly, 90 marks; Mary Margaret Race, 79, out of a possible 100. All these girls left in July.

Eight girls gained the bronze medalion: thirteen gained the proficiency certificate, and thirteen the elementary proficiency, two of these being Evelyn Taylor, 82 marks out of a possible 100, and Jean Shepherd, 78.

The following girls received their award: Bronze: Gwen Berry, 92 marks; Margaret Robertson, 78 marks; Margaret Shelly, 90 marks; Marion Shelly and Louise Tress, 81 marks; Proficiency: Gwen Berry, 92 marks; Marion Shelly and Frances Jones, 81 marks; Sybil Beedham and Laura Carter, 78 marks; Betty Brind, 78 marks; Kathleen Wilson, 78 marks; Catherine Ball, 71 marks; Dorothy Mercer, 70 marks.

Joining the British forces in France in October, 1914, Norman Wilks was badly wounded at the battle of Arras in 1917, and after a year in hospital, and many operations was sent home to recuperate. After discharge from the ranks of captives was mentioned in dispatches, and awarded the military cross. He has appeared, since the year 1919, with the Queen's Hall orchestra, the Royal Philharmonic Society, the Canadian symphony concert, and in many of the great was.

During the war he was in the Brussels Conservatoire. At this time he made his musical debut and gave recitals in England and Belgium, following which he proceeded to Germany and studied for a time under Breithaupt and Lamond. A brilliant future was predicted for him, and many triumphant recitals on the continent and his home country took place. A proposed tour of Canada and the United States was postponed by the outbreak of the great war.

He made his first tour of Canada in 1927, and was received with tremendous enthusiasm, and acclaimed by noted music critics everywhere. Mr. Wilks during the same year again gave recitals in England and on the Continent. He has since arrived in Canada and is now on a triumphant tour of the United States, to last over three months. Last year it will be remembered he played here at the Government House, and made a lasting impression. His present tour is undoubtedly as successful. His remarkable artistry, stories of travel, delightful imagination, and poetic interpretation rank him with the great pianists of the day.

SINGER SCORES FRESH TRIUMPH

Famous Prima-donna From England Charms Audience

Barbara Austen Will Sing Again at Centennial To-night

"This brief programme is by way of an introduction of Miss Barbara Austen to the Victoria public," stated the Rev. J. F. Westman last night when the famous prima donna from the Old Country rendered a group of songs after the evening service in Centennial Church. The building was crowded with an audience that included many of the best musicians of the city. The enthusiasm, with which her numbers were received, proved that the fame of Austen is fully justified.

Opening with an lyrical aria, "Will You Love Me," which was rendered with a great tempo, the great soprano finished with "Liddle's setting to "Abide With Me," which really a contralto solo, demonstrated Austen's remarkable range. Between these two numbers were sandwiched two groups of descriptive songs and a dramatic song, "To Our Lady of Lourdes," which has never been heard in this country before.

OLYMPIC HOCKEY WON BY CANADA

Third Sweeping Victory Over Sweden Gives Championship To Canadian Team Once Again

Seven Thousand Spectators Watch Toronto Grads Give Sparkling Exhibition Against Swedes, Winning Out by 13-0; In Three Games Canadians Score Thirty-eight Goals Without Having Their Net Dented, Which Earns the Title of "Stonewall" for Little Joe Sullivan, Goalie; Norway Wins Winter Olympic Games, With U.S. Second

St. Moritz, Switzerland, Feb. 20.—Canada won the Olympic hockey championship here yesterday by registering the third sweeping victory in the final series without a goal being scored against them. Switzerland opposed the Canadians yesterday, but they provided no better opposition than England and Sweden had, and the Grads triumphed 13 goals to nothing.

In the other games played yesterday Sweden won second place in the championship standing by defeating Great Britain in a lazily contested game, 3-1.

The Canadians commenced scoring early in the first period, when Taylor, defence player, rushed through the Swiss ranks for a goal. Hugh Plaxton made it 2-0 before the first rest.

FAST SCORING

The Grads opened up somewhat in the second period and ran in six rapid fire counters. At this juncture the Canadians showed the European spectators a flash of real hockey when they scored three of their six goals within the space of two minutes. One of them followed a snappy combination play by H. Plaxton and Trottier.

Dave Trottier's roving disposition brought him three more goals in the final period, while H. Plaxton scored the other two.

The Canadians in all have registered thirty-nine goals in the Olympic series, at the same time holding their opposition scoreless. They defeated Sweden in the first of the final series on Friday last by 11-0 and in a good-natured contest Saturday the Grads whitewashed Britain 14-0.

"STONEWALL" SULLIVAN

Seven thousand spectators—of which at least 3,000 were "deadheads"—standing on the slopes of the Alpine range, watched the game which was the feature of yesterday's sports. The feature name "Stonewall" has been given to Dr. Joe Sullivan, the Canadian goalie, who permitted not a single puck to pass into his net during the series.

MARYLEBONE TEAM STARTS LAST GAME IN SOUTH AFRICA

Capetown. (Canadian Press Cable)—The Marylebone C.C. team began the last match of their tour to-day. They are meeting a team representing the Western Province. The South Africans won the toss and put in the M.C.C. first. The weather was fine and the wicket fast. The visitors batted all day, and when stumps were drawn had scored 333 for eight wickets.

Chief scorers were Sutcliffe 62, Wyatt 73 and Astill 66.

HOCKEY TEAMS TO MEET TO-NIGHT IN PLAY-OFF FIXTURE

Rink Rats to Battle Bapcos in First Game to Decide Commercial Hockey Title

To-night at the Willows Arena the Bapcos and Rink Rats will meet in the first of the play-off series for the McKey Cup emblematic of the Commercial League hockey championship. The game will start at 7:45 o'clock, and a good crowd of fans is expected.

The teams will play a two-game series with total goals to count. Last week the Rink Rats were forced into overtime, but disposed of Plimley Ritchie's last year's champions, in the semi-finals.

Following the play-off game Plimley and Ritchie's will meet a team of All-Stars managed by Cy Paxton, league president.

Gordon Meekin will referee. The teams will be as follows:

Bapcos—Goal, Westendale; defence, Sparks (Captain); McConnell, forward; Woods, Unwin; spares, McKenzie, McPhee, Biedscheid and Baldwin.

Rink Rats—Goal, Symons (Captain); defence, Pomery, Benwell; forwards, Symons, Bates, Smart; spares, Kirby, Griffin and Spouse.

All-Stars—Goal, Matt Hunter (U.C.T.); defence, Nick (U.C.T.), George (I.E.S.); forward, Bayliss (I.E.S.), Lambert (U.C.T.), Conroy (Army); spares, Malone (Army), Murray (I.E.S.), Middleton (I.E.S.), Nicholson (U.C.T.).

Plimley & Ritchie—Goal, Bacon; defence, Russell, Locke; forwards, Tyrell, Smith, Cameron; spares, Davies, Savanah, Davidson and Mercer.

Argentina, in land of little snow, scored five points in all the bob-sleigh events while Switzerland, the nation that organised the Winter sports, must be content with six points.

This is first place, with five, four, three, two and one for the next five positions in the events.

In the bob sleighing events, the United States was the greatest winner totalling thirty points, finishing first in both the skeleton and passenger sleighs. The Heaton brothers, with twenty points between them, were the individual leaders.

NORWAY WELL TO FORE

Norway captured six first places in thirteen events, the United States, Finland and Sweden two first places each.

The other blue ribbon event, hockey, went to the Canadian skaters without a struggle.

Norway's representatives were first in the 500 and 6,000 meters speed skating.

TWO UNPOPULAR DECISIONS GIVEN AT LOCAL FIGHTS

Fans Disagree With Verdicts Given at Tillicum Tournament Saturday Night

P. McMillan Defeats J. Calum in Main Event; Storch, Keist and Pastro Win

Two unpopular decisions were called at the Tillicum Club's amateur tournament on Saturday night when local fighters met the pick of the White Centre Athletic Club, of Seattle. The large crowd was disappointed over two of the verdicts given by the judges and showed their feelings in no unmistakable manner. Both decisions were given against visiting boxers.

In the bout between Tim Keist, of Victoria, and Joe Flores, of the Seattle, the local boy was given the decision after an exhibition of fighting. To the majority of the spectators it looked like Keist was getting a good boxing lesson. Flores hit him at will and took very little in return. The visiting Pilipino was far faster than his opponent and appeared to have the edge throughout.

Another unpopular verdict was in the bout between Ed. Gainer, of Victoria, and the local fighter, Vic Pastro. Both men had been taking the call after an extra round. Regando hit the Victoria boy with everything he had in the first two rounds but was unable to knock him out. In the third and extra round Pastro made a comeback but he was unable to hurt the Pilipino who was fresh as ever at the finish.

CALUM BEATS STORCH

In the main event Pat McMillan of Seattle, by sheer grit won the decision over Joe Calum, flashy local scrapper. In the first round Calum opened up, but although he landed several stiff punches, he was unable to put McMillan away. In the second and third rounds the visitors punished Calum with straight right and at the finish of the last round the judges called for an extra two-minute round. In this round Calum failed to show very much, making a foot-race out of it in order to keep out of his opponent's way.

Charlie Storch, local heavyweight with a ten-year record, former boxer, Anderson of Seattle. In the first round they bumped heads and Anderson had a big cut opened up over his right eye. When the gong sounded for the start of the second round Anderson's second threw his towel into the ring. Anderson had to have two stitches put in the cut.

REAL SLUGGING MATCH

After a real slugfest the two heavyweight boxers, Ed. Gainer and Vic Pastro, of Victoria, were declared the winners.

Chief scorers were Sutcliffe 62,

Wyatt 73 and Astill 66.

ESQUIMALT WIN MILTON CUP ON T. WATT'S GOALS

Centre-forward Scores Three Times in Second Half to Beat Victoria West

Victoria City Victors Over Five C's in Combination Cup Game

Three goals in the second half by Tommy Watt, fast moving centre-forward, gave Esquimalt a 4-2 victory over the Victoria Wests at the Royal Athletic Park Saturday afternoon in the final of the Milton Cup series.

Esquimalt deserved the victory, the

Wests failing to show the same class that took them into the final. The game was witnessed by a large crowd of fans.

Except for the latter part of the first half Esquimalt had all the play their forwards and half-backs playing very well together. The Wests were playing their regular goalie, who was put out of the game last week through injuries. Passmore, who took his place, gave a very creditable exhibition.

WARREN OPENS SCORING

In the first few minutes the Wests pressed but Esquimalt soon brought the play into Wests' territory and Passmore was called in to make a save. Passmore broke into the score column when Ernie Warren drove in a low shot that gave the goalie no chance to save.

The Wests retaliated and Scotty Robinson ended up shortly after when he foiled Bridges with a high shot from left wing that sliced over Bridges' head into the corner of the net.

Bruce Low took the decision from Alain Richer after an extra round of the game.

The team will play a two-game series with total goals to count. Last week the Rink Rats were forced into overtime, but disposed of Plimley Ritchie's last year's champions, in the semi-finals.

LEASK BEATEN

After an extra round of fighting, Leask Sutton won his fight against Charlie Storch.

Tommy Drysdale proved far too good for Bill Arendell and won the verdict after a tame affair.

Jockey Rides Six Straight Winners At Havana Meeting

Havana, Feb. 26.—Another unique feat was down on the turf records to-day with Jockey A. Robertson of Cleveland credited with riding six consecutive winners at Oriental Park.

At the races here on Saturday Robertson, brought State's Rights into show place in the first event and then made a clean sweep of the remaining six events on the card. Only five jockeys have ever duplicated Robertson's performance.

Billiards

Games to be played this week in the inter-service billiard league were as follows:

A section—Garrison vs. Britannia Post; Army and Navy vs. Pro Patria and Veterans of France a bye.

B section—16th Can. Scottish vs. 5th Regt.; Garrison vs. Veterans of France and Pro Patria vs. Army and Navy. Britannia Post a bye.

The American points may be figured as follows: Garrison 10; Post 8; Brittania 3; dividing points three ways with other nations for third, fourth and fifth places: 1,500 meters 3; 5,000 meters 4; figure skating for couples 5; 10ft. Monson won a single point for Americans by finishing sixth in the ski jump.

Norway's representatives were first in the 500 and 6,000 meters speed skating.

CANADIAN GIRL SMASHES WORLD'S RECORD

Toronto, Feb. 20.—Mrs. Leila Brooks Potter smashed the world's record for three-quarters of a mile at the Old Orchard skating meet here Saturday, by nine seconds. The famous Canadian speed skater covered the distance in 2 minutes, 37 4-5 seconds.

Rangers Lose Lead To Boston Before 18,500 People In New York

Lester Patrick's Team Fails to Score Against Bruins in Hard Contest, While Boston Pick Off Two Goals and Now Lead American Section of N.H.L.

Tail-end Chicago Blackhawks Arise and Swat Detroit Cougars Blow Which Hurt Their Play-off Chances; Other Hockey Results

New York, Feb. 20.—The Boston Bruins stepped into the leadership of the American group of the N.H.L. here last night, when they defeated the New York Rangers by the score of 2-0, before a crowd of 18,500 spectators. It was the fourth consecutive game in which the Rangers, who have been setting the pace for the American teams most of this season, have been held scoreless by the opposition.

After nearly two periods of torrid hockey, the Ranger defence weakened near the end of the second period, when the Bruins scored their two goals in less than a minute and a half. Connor and Oliver scored for Boston.

The line-ups were:

Rangers: Position. Winkler, Goal; Shore, Defence; Hitchcock, Centre; Oliver, Wing; Galbraith, Sub; Gainer, Sub; Connor, Sub; Gordon, Sub; Harrington, Sub.

Bruins: Position. Montreal, Position; Benedict, Goal; Shore, Defence; Johnson, Centre; Munro, Wing; Siebert, Defence; H. Smith, Centre; Stewart, Wing; Murdoch, Sub; Phillips, Sub; Lamb, Sub; Ostrom, Sub.

Third period—Siebert, (2), Keeling, Rodden.

Third period—Duncan.

Pittsburgh, Pa., Feb. 20.—The Pittsburgh Pirates defeated the New York Americans here last night, when they were defeated by the Chicago Blackhawks, 2-1.

The Blackhawks, all-enders in the American division, put up a strong enough defense to hold the Pirates after scoring two goals in the first ten minutes of play.

The Pirates broke through the Chicago defense line once when George Hay scored. Kents and Arbour scored for Chicago.

The line-ups were:

Pittsburgh: Position. Detroit, Position; Holmes, Goal; Noble, Defence; Fraser, Centre; Roy, Wing; Arbour, Sub; McVeigh, Wing; Trapp, Sub; Dye, Sub; Hoffer, Sub; McCalmon, Sub; References—Ion and Ritchie.

Ottawa, Feb. 23.—Leonard Grosvenor, a homebred front line relief player, chose Saturday night to begin his first goal since he entered major league hockey this season, and at the drop of the puck he sent a bullet hurtling into the corner of the Montreal Canadiens, the pace setters of the National circuit. The auditorium was jammed by 9,000 fans.

The counter came after eight and one half minutes of grueling hockey had been reeled off in the final period. Throughout the first and second periods the teams fought fairly even, but their scoring efforts were futile against the masterful and defense which continually bottled them up.

CROWDS FAINT AT FOOTBALL GAME

After Sojourn In Wales For Year English Cup To Return To England Again

London, Feb. 20 (Canadian Press Cable).—The draw for the sixth round of the English Football Association competition was made to-day and teams remaining in the matches will play as follows:

Blackburn-Manchester United.

Sheffield Wednesday or Sheffield United-Notts Forest.

Huddersfield-Tottenham.

Arsenal-Stoke.

The games will be played on the grounds of the first-mentioned clubs on March 3.

London, Feb. 20.—The cup tie football match Saturday between the Arsenal Club, of London, and Aston Villa, of Birmingham, drew such enormous crowds to the Highbury grounds that large numbers of spectators fainted. Ambulance men were kept busy reviving them with smelling salts, but none were reported as injured. The Arsenal club won the contest 4-1. It was estimated that 60,000 fans attended the match.

London, Feb. 20 (Canadian Pacific Cable).—After a sojourn of one year in Wales the English Football Cup will come back to England? This was inevitable following the elimination of Cardiff City, the holders, and last surviving cup team in the competition, in the fifth round played Saturday.

Victorious clubs, who will figure in the sixth round, the draw for which will be made to-day are:

Manchester United, Sheffield United or the Wednesday, Arsenal, Tottenham Hotspur, Stoke, Huddersfield Town, Blackburn Rovers and Notts Forest.

The surprises of the games were Tottenham Hotspur's win over Leicester City in Leicester, the defeat of Cardiff City by Notts Forest, and the poor showing of Aston Villa, who were trounced by Arsenal.

The Spurs victory will elevate them to the position of favorites to win the cup, though the Arsenal, runners up last year to Cardiff City, are very much in the running.

London soccer fans are hoping for a final between the Spurs and the Arsenal.

The cup ties draw capacity gates and probably close to 400,000 people in the aggregate watched the struggles.

VANCOUVER TOO FAST FOR CAPS IN RUGBY GAME

Mainland Rep Team Smothers Victoria in McKechnie Cup Series

Locals Had Some Bad Breaks, But Vancouver's Play Was Better Organized

By Times Special Representative

Vancouver, Feb. 20.—Battering a team which against them had little appearance of a trained rugby machine, Vancouver's rep squad completely knocked Victoria off their feet at Brockton Point on Saturday afternoon, winning by forty-two points to three. It was the first of the McKechnie Cup games between the two cities this season.

The teams lined up as follows: Vancouver—Bob Rowan; McKay, Leroy, Murray, Rowan, Pinkham, Wilson; McLean; and McMillan; Choate, Dobinson, Bain, Davidson, Tiffin, Taylor, Donaldson.

Victoria—Horn, Putman, McInally, Lewis, Cavin, Webster, Shaw, and McLean; Mawhood, Bill Peden, Moses, McDougall, McMillan, Parfitt, Godwin.

Referee—Jim Underhill.

University School Defeat Brentwood To Capture Title

Score 6-3 in Deciding Game Saturday For Intermediate Rugby Championship

The University School's win over the Brentwood College Saturday night was as a climax to a long series of victories by the school in games throughout the past year. The result of the game entitles the winners to the honor of meeting the Vancouver champs to battle for the Provincial Intermediate Rugby trophy as representatives of the city. The score was 6-3.

Vancouver jumped into the lead at the start of the game, Johnston sinking two in rapid succession. Portland trailed by 0-2 until the third period, when a spirited rush on the Vancouver defence, which was considerably weakened by the loss of two players on penalties, netted the locals four goals. The game was played under strict amateur rules, and was one of the fastest seen here this season. Each team drew five penalties.

Lewis and Stecher Wrestle for World's Title To-night

St. Louis, Mo., Feb. 20.—To-morrow the world's heavyweight wrestling throne will have a legitimate occupant for the first time in seven years.

Ed "Strangler" Lewis and Joe Stecher, two of the foremost grapplers of the heavyweight division, each claiming title, will wrestle to a finish here to-night for the championship. The prospects are that the match will draw between \$80,000 and \$90,000, a record "gate" for wrestling.

SEEKS TITLE

ED "STRANGLER" LEWIS

The world's heavyweight wrestling championship will be settled to-night when Lewis, noted for his headlock, and Joe Stecher of body-scorer fame, meet. A terrific struggle is expected.

Victoria fought doggedly and in a forward rush when Godfrey went through and fell on the ball, they actually scored, but the points did not count. Out of a scrum, the forwards were twisting and fighting in vain, and this time the score was unmistakable. Paul dropped on the ball. Maclean hit the upright trying to convert.

Victoria went down the field again but hard, high punting saved the Vancouver line. Rowan, following up of these kicks, galloped through the opposition and scored by himself. Maclean of Vancouver, scored a few minutes later.

Vancouver, rushing the ball up-field, took a throw in when there was not a single Victoria man in the line. The referee allowed the score. Bob Rowan, the back who gave the ball up, was given the honour.

The teams lined up as follows: Vancouver—Bob Rowan; McKay, Leroy, Murray, Rowan, Pinkham, Wilson; McLean; and McMillan; Choate, Dobinson, Bain, Davidson, Tiffin, Taylor, Donaldson.

Victoria—Horn, Putman, McInally, Lewis, Cavin, Webster, Shaw, and McLean; Mawhood, Bill Peden, Moses, McDougall, McMillan, Parfitt, Godwin.

Referee—Jim Underhill.

Three Overtime Periods Fail To Break Up Score

Vancouver and Portland Play to 6-6 Tie in Spectacular Game in Portland

EAST WIN FOR JORDAN

Portland, Ore., Feb. 20.—Portland-Vancouver hockey teams battled through three overtime periods at the Coliseum here last night, but failed to break a six to six deadlock. Monahan, who accounted for four of Portland's goals, tied the score early in the third frame, and for the remainder of the game both teams played a waiting game, but the breaks failed to materialize.

Vancouver jumped into the lead at the start of the game, Johnston sinking two in rapid succession. Portland trailed by 0-2 until the third period, when a spirited rush on the Vancouver defence, which was considerably weakened by the loss of two players on penalties, netted the locals four goals. The game was played under strict amateur rules, and was one of the fastest seen here this season. Each team drew five penalties.

The University School's win over the Brentwood College Saturday night was as a climax to a long series of victories by the school in games throughout the past year. The result of the game entitles the winners to the honor of meeting the Vancouver champs to battle for the Provincial Intermediate Rugby trophy as representatives of the city. The score was 6-3.

With the six points, Vancouver had a grand total of 210 for the year. In all the games the University fifteen has played this season they have had only one loss, and that was to the Brentwood fifteen, the school has come up with a remarkable fighting team which inspired by constant success has proven well-nigh invincible. In the Brentwood fifteen the school has come up against their stiffer opposition. Always however the team to win for the most part of the game was the honor to be gained for their "alma mater."

A GREAT STRUGGLE

So much was at stake Saturday that from start to finish the fight was an heroic one, and the result doubtful until a few minutes of the final whistle, when the winning try was scored. Encouraged by the enthusiastic support of the players never for a moment lagged in the first half, the University took the offensive, but Brentwood launched attack after attack in the second half. They made the only score in the opening half, receiving the ball after a scrum, and after a series of five runs in a tricky run escaped the backs, and grounded the ball over the goal line. The kick fell short. A second possible score was lost which would have tied the count when Appleton had a drop goal at 10-10. He made up for this mistake by his score in the second half, which put both teams on an equal footing. His try came after a scrum on the University five

Paolino Does Little But Not So Godfrey

Spanish Woodchopper in Good Fighting Form and, After Week of Easy Going, Ruffles Up Couple of Sparring Partners; Godfrey Works Out Furyously, Chopping Down Trees, Walking Miles and Boxing Great Deal; Other Bouts in the Offing

Los Angeles, Feb. 20.—Paolino Uzecudun, Spanish heavyweight, vigorously pummeled two sparring partners yesterday in his first glove-throwing session since moving to his Bastanchury ranch camp, near here, to condition himself for the George Godfrey tussle the night of February 28.

The Basque woodchopper took on Leo Diebel, Osage Indian cowboy-fighter from Oklahoma, and husky Tony Randolph in his spree, and gave each a taste of a slashing body-attack. The work-out in general showed Paulino to be a rough, rugged body-puncher.

Paulino's first few days at the camp were marked only by weight-lifting, bag punching and calisthenics, as he arrived here a week ago from Mexico City, practically in fighting form.

The conditioning programme of his giant negro opponent at a camp near Ojai, California, has been entirely different. Godfrey has been boxing seven to nine rounds daily, cutting down trees and hiking over the Ojai hills for the last two weeks in an effort to melt off weight. Yesterday, however, he took things easy, playing host to a big barbecue.

San Francisco, Feb. 20.—Another smashing eight-round workout was written into Mickey Walker's training record yesterday as the middleweight champion limbered up for his ten-round bout with Jack Willis in the Armory, Washington's birthday. The title is not at stake.

As on Saturday, Walker went down the weight line with his sparring partner, who is a 175-pounder and finishing with a featherweight sparer. He worked two rounds with each.

Willis did not train yesterday. The hard-hitting Texan has been on the ground and working out a couple of weeks, and for fear his condition will become too fine his manager ordered a lay-off.

Chicago, Feb. 20.—The feature boxing match of the month in Chicago, scheduled to bring together Champion Sammy Mandell and Jackie Fields, Coast 140-pounder, for ten rounds Thursday night, still had question mark after it last night. Mandell's manager, Eddie Kane, had promised to visit the Illinois State Athletic Commission to-day, to learn why the lightweight king must post a \$6,000 forfeit for his title match next June against Jackie McLernon.

Unless the forecast is up by Thursday night, the National Boxing Association has threatened to slow down the bars again and put Mandell under suspension.

This action by Thomas McDonough, president of the N.B.A., came when he found that McLernon had not been signed yet. Promoter Jim Mullen had the challenger's promise to meet Mandell, but preferred to wait until after the McLernon-Sid Terrell match in New York this week to see whether McLernon or Terrell came up.

Marching By!

(To the Canadian Scottish.)

My! but they're bonnie,
Marching by.
A gentle breeze their flags unfurling,
Can't you hear the bag-pipes skirling?
See the tartan kitties whirling—
Marching by!

Such gay young laddies,
Marching by;
All in step, one object sharing,
With noble, upright bearing;
Bonnets blue, and many, daring—
Marching by!

My! but they're bonnie,
Marching by;
Ah! could I be but young again!
"Cock o' the North," that grand refrain,
It stirs my heart blood; I would fain—
Be marching by.

My happy years are
Marching by;
And the milestones, by the wayside,
Grow in number; and I pray: pride
Will not cause me to delay. I'd
Be marching by.

To the "Halt! Stand easy! Rest!"
From marching by;
For life's banners are unfurling,
May I hear the bag-pipes skirling,
See the tartan kitties whirling—
Till I die!

DAIRYMEN IN CANADA HAVE GROWING HOPE

Milk Cows Increase to Meet Demand For United States Imports

Dr. J. A. Ruddick, Dairy Commissioner for Canada, arrived in the city Thursday, en route to Nanaimo, where he will attend a meeting of the B.C. Dairymen's Association before returning to Edmonton. While in the city Dr. Ruddick conferred with the officials of the Department of Agriculture. The outlook for dairy products was bright, in comparison with other farm activities, stated Dr. Ruddick. If the United States demand increases it will

act favorably on the world's market, and the dairymen will have greatly increased demands to encourage production in all forms of dairying activity, he believed.

Practically one-third of the Canadian export was destined to points in the United States, where the ratio of population to the number of cows had fallen from one to 3.9 persons in 1890 to one cow to 5.2 persons to-day. In 1927 Canadian exports of cream were 4,499,528 gallons and 4,886,446 gallons of milk. Milk cows in Canada had increased by 55,120 in the last year, concluded Dr. Ruddick.

INDIA RULER IS DEPOSED

New Delhi, India, Feb. 20.—Official announcement is made that the Government has deposed Maharaja Gajacharan of his title and privileges and reduced his income from the sum of Naha from 25,000 to 10,000 rupees for repeated disloyalty. The Maharaja has been further ordered to reside henceforth at Kodalkana, in Madras. Tikka Sahib, the former ruler's minor son, will replace his father as maharaja.

NEWS IN BRIEF

Thirty new members have this year been enrolled by the Saanich Fruit-growers' Association, the closing date for application being March 1.

The regular meeting of the Tuberculosis Veterans' Section, Post No. 16, B.E.S.L. will be held in the clubrooms, Langley Street, on Tuesday at 8 p.m.

The Oak Bay sub-division of the Catholic Veterans' Section, Post No. 16, will hold a silver tea-to-morrow afternoon at the residence of Mrs. Charles E. Wilson in the Uplands.

A public call for delegates from all clubs will attend the meeting of the Junior Football Association at 7.30 o'clock Tuesday at the Y.M.C.A. to draw for the Provincial Cup, which was issued to-day by W. H. Hadley, secretary.

Ward Four Spanish Liberals will hold a public meeting to-night in Marigold Hall at 8 o'clock. A. Wells-Grey, M.P.P. for New Westminster, and Norman W. Whittaker, will be the speakers. Light refreshments will be served.

Ward Three Liberals will hold a grand frolic and dance in the Sons of Canada Hall, March 2. Ouard's orchestra will supply the music. The committee is making every effort to make this an outstanding Liberal event, thus assuring a jolly time for everyone attending. A small admission fee will be charged.

Nanaimo City asks, in a letter to the City Council to-night, that the application be referred to the Provincial Legislature, that no private club be given a charter without due notice to the corporation affected by such enfranchisement. The charter granted carried privileges which might affect the corporation in which the club was to be situated, the resolution sets out.

A waffle supper will be given on Shrove Tuesday, February 21, by the Brotherhood of Grace English Lutheran Church, Queens and Blanshard. The supper will be served from 6 to 7.30. The entertainment will begin at 8 o'clock. Besides several Saxophone numbers by Mr. Brandon the entertainment will be given by Frank Merryfield, the Cornish wizard, magician and illusionist.

A Chevrolet factory representative will deliver a lecture at the showrooms of the Begg Motor Co. Ltd., Yates St. to-night at 8 o'clock. There will also be shown an instrument of torture "the Devil's Chevrolet," which shows in an interesting way the vast organization behind the production of this popular car. Two \$25 scripts good to apply on the purchase price of any car will be given away.

Marking a new precedent in municipal circles, the Real Estate Board has asked the city for half of the grant allotted to the group last year, for the purpose of aiding in the entertainment of visiting relatives from the far-off Northwest region in July. The letter from the board recalls the importance of the convention, but adds that in view of the city's new position on grants it was decided to apply for only \$500.

Charged with being keepers of a disorderly house, Marion and Angelo Sposito were arraigned in the City Police Court this morning before Magistrate Jay and remanded until February 23. Three persons were found in the premises located over 510 Johnson Street, and have been charged as inmates. They are E. Preepard, for whom J. P. Walls is appearing; Peggy Laselle and Marjorie Kelly, for whom R. C. Lowe is acting. Police officers raided the premises on Sunday night.

At the regular fortnightly card party held under the auspices of the Garden City Women's Institute in Marigold Hall on Friday night the ladies' prizes were awarded to, first, Mrs. Singleton, ten bid Mrs. Norton, consolation Mrs. Laycock. The gents' prizes went to: first, Mr. Mitchell, ten bid Mr. McLean; consolation, Mr. Wilkinson. There was a good attendance and an enjoyable time was had. Mrs. Jordan and Mrs. Stacey superintended the serving of refreshments. The next party will take place on Friday, March 2.

The social committee of Cœur Nord Light, A.O.F., 5925, held a very successful benefit concert during the A.O.F. ballroom on Tuesday which was enjoyed by 200 guests. The following acted as judges: J. Blair, Mrs. Booth, J. Randolph, Mrs. Gosselin, ten bid Mrs. Norton, consolation Mrs. Laycock. The gents' prizes went to: first, Mr. Mitchell, ten bid Mr. McLean; consolation, Mr. Wilkinson. There was a good attendance and an enjoyable time was had. Mrs. Jordan and Mrs. Stacey superintended the serving of refreshments. The next party will take place on Friday, March 2.

The tentative draft of estimated revenues for the year 1928 will be before the council to-night, when D. A. Macdonald, City Comptroller, will produce figures compiled on the votes asked by each civic department. The sum of \$254,000 will be asked in the public works estimates, as against \$221,000 last year. This vote includes the sum of \$23,000 sought for the paving of Douglas Street from Fort to Fisgard, and \$15,000 asked for the work on macadam trails and asphalt concrete.

The departmental votes remain much the same as in 1927, with the exception of a small salary increase sought in the cases of a few long-standing employees. The mayor's role is lessened with fewer men in the service after superannuations and the engagement of junior employees in place of the senior pensioned. It is believed.

Departmental votes remain much the same as in 1927, with the exception of a small salary increase sought in the cases of a few long-standing employees. The mayor's role is lessened with fewer men in the service after superannuations and the engagement of junior employees in place of the senior pensioned. It is believed.

The School Board estimates ask \$21,500 gross for the ordinary estimates, and items of \$145,000 and \$7,500 for the technical school proposed and Victoria College site payments, respectively. The net cost of the school ordinary estimate will be \$469,450 or approximately \$9,000 more than was estimated last year. The board also asks the reservation of the Grahame estate on Hillside Avenue for the site of the proposed new technical school. No part of the cost of financing the technical school would fall on this year, it is stated. A vote of the electorate will be taken on the issue.

The Board of Library Trustees, reporting at 1927 operation, show expenditures of \$27,276 last year, of which the city contributed \$21,571. More outside municipal aid in the upkeep of library service is urged by the board, citing a new cost basis of the actual cost per book. Last year the City paid \$15,151 to Esquimalt \$761 and Saanich \$559 towards the library costs, it is shown. The cost per volume, based on 1926 figures would be .069 cents, it is stated.

A total of twenty-one bond houses submitted bids for the city's refunding issue of bonds to be issued on March 1, it was stated by D. A. Macdonald, City Comptroller, to-day, on analysis of the thirteen bids received. All offers were from Canadian financial houses, many combining to make a joint bid. The best price bid was at the rate of \$103,968 per \$100 for the issue of \$681,000 worth. The refunding issue of \$46,000 worth, was to be issued at the rate of \$103,968 per \$100, making up the city's considerable sum, it is stated. The bonds will be serials, maturing between 1933 and 1962. Two local firms bid on the issue, the award going to Branson, Brown and Company Limited.

House Committee Favors Control of Vegetables In All B.C. But Island

Vancouver Island alone will be excluded from the new B.C. Marketing Act as it applies to potatoes and all other vegetables if the Legislature adopts the important recommendation approved by its Agricultural Committee in private session to-day.

Going further than had been generally expected, the committee voted to put all British Columbia vegetables, except those produced on Vancouver Island, under the control of the new Marketing Act.

PRUNE WANTS OR RAISE RATE IS CITY CHOICE

Four-mill Addition to Tax Rate If Civic Budget Were Ratified as Presented

Outside Municipalities Should Contribute More, Says Mayor J. C. Pendray

A sharp rise in the mill rate or a marked cut in expenditures is said to be the issue which will face the City Council to-night in the opening discussion on the annual civic budget.

At the head of the finance committee, Alderman F. R. Brown has already told the council that he foresees a four-mill increase in the rate, to make up for what he describes as a padding of the receipts anticipated last year, which did not materialize. Mr. Brown is backed by one wing of the council holding similar views.

Leading another branch of council opinion Mayor J. C. Pendray has declared that he will not stand for a raise in the mill rate, but will go through the estimates with a knife and the expenditures are dressed down to the assured income received by the city.

CURTAIN EXPENDITURES

Major Pendray, it is understood, will open a campaign against all forms of municipal expenditure not imperative in 1928. Specifically, it is stated, to make up for what he describes as a padding of the receipts anticipated last year, which did not materialize. Mr. Brown is backed by one wing of the council holding similar views.

JOHN GILBERT AND GRETA GARBO APPEAR IN "LOVE"

Magnificent Court of Russia Is Portrayed on Dominion
Screen in Tale of Revolution; Allan Watson, Baritone, Will Appear on Stage

Imperial Russia, the Magnificent—court in the winter, with the most handsome officers, the glory of the army and the world's greatest art and culture as the background for the poignant romance of Anna Karenina and Anna Karenina, as enacted on the screen by John Gilbert and Greta Garbo in "Love," now playing at the Dominion Theatre.

It is a dazzling spectacle—gorgeous uniforms, glittering costumes, great paintings, and the level of the Russian aristocracy at its height, in a glorious setting for the central love theme—the world-famous romance of Count Tolstoi, known to literature the world over as "Anna Karenina."

In its film version it is a gorgeous piece of entertainment that had with utter fidelity kept the spirit of the story. Gilbert, as the dashing Count Vronsky, is dignified, no less romantic than his role in "The Merry Widow," but with a far greater depth of character that calls forth the utmost of his histrionic skill.

Miss Garbo, as the tragic Anna, sacrificing all for love, and dogged by relentless fate, has a wonderful role. Her scenes with the child for instance, fairly grip the heart, while Brandon Hurst is compellingly realistic as the sometimes sinister husband of the heroine. Emily Fitzroy, Philippe De Lacy, and others of note are in the cast.

The settings are gorgeous reproductions of Russian palaces before the war, and the entire setting is lavish indeed.

Allan Watson, the new baritone sensation, will be the added musical attraction at the Dominion all week, appearing each day, afternoon and evening. This new singer is gifted with a voice of excellent quality and is a gold medalist of the B.C. Musical Festival. He will be heard in popular ballads.

On Monday night the Crystal Garden orchestra will play a request programme composed of the many numbers asked for by Dominion patrons during the previous week.

heard in connection with that new form of entertainment which is rapidly becoming so popular and which is usually a combination of picture and story known as the vocal film. The first of these will be presented by the Royal Opera Company during the second week, and the appealing story of "Irish Hearts" will be told by song and screen.

In these new vocal films the action of the opera is carried by the picture, which is accompanied by a specially prepared musical score and which is arranged for the voices of the singers to appear at appropriate places.

One of human nature's strongest forces is the need of creative expression.

It is the same urge that has brought some of the greatest masterpieces of this world has ever known. It is an urge that will not be denied. Men and women have suffered for it; have even descended to the depths of absolute privation in their craving to give expression to that which is in the soul.

It was such an urge that first impelled Mildred Davis to enter motion pictures. It is the same urge that brings her forth from retirement.

Visiting Hollywood from her northern home, Miss Davis appeared in her first movie several years ago pretty much as a lark. An opportunity presented itself to do some "extra" work and she took it for "the fun of the thing."

Now, after an absence of three years, she's back again—still for "the fun of the thing." But back with it there will be the urge for creating, an urge that refuses to be denied. Miss Davis's return vehicle is Paramount's "Too Many Crooks," in which she is co-featured with Lloyd Hughes, George Bancroft and E. Brendel. It is now showing at the Coliseum Theatre.

**Sir John Martin
Harvey to Open
Here On Feb. 27**

To Stage 'Scaramouche' and
'The Lyons Mail' With
London Cast

It is probable that the most welcome news to Victoria theatregoers will be that Sir John Martin Harvey will have sufficiently recovered from his recent illness to resume the stellar roles in his latest London successes, Rafael Sabatini's "Scaramouche" and Sir Henry Irving's version of "The Lyons Mail" by Charles Reade, which will be the offering at the Royal Victoria Theatre for the week commencing Monday, February 27. The former will be presented for the first three days, with a Wednesday matinee, and the latter will be the attraction for the last three days, with a matinee Saturday.

From the opening scene of "Scaramouche" to finale the plot moves swiftly. Briefly, the tale is that of a young aristocrat, maddened by the killing of his youthful friend by an older aristocrat, who, from the advocacy of the need of justice for the peasants, turns his own eloquence to the inflaming of the peasants and bourgeoisie to violent revolt against the man's face.

"Great Scott!" he cried. "How I wronged that woman!"

Soon after its publication the novel became a nation-wide best-seller and for two years led the list of all novels in sales.

Richard A. Rowland, vice-president and general production manager of First National Pictures, saw film possibilities in the book despite the fact that there was little in the story, and purchased the screen rights to it.

It was then turned over to Carey Wilson, First National's scenarioist and producer, who began at once to work upon the huge task of preparing such a production for the screen.

Richard A. Rowland, vice-president and general production manager of First National Pictures, saw film possibilities in the book despite the fact that there was little in the story, and purchased the screen rights to it.

It was then turned over to Carey Wilson, First National's scenarioist and producer, who began at once to work upon the huge task of preparing such a production for the screen.

TO-DAY'S GRAIN MARKETS

Winnipeg, Feb. 20.—The wheat market was again strong and fairly active with an excellent class of buying going on by a large firm of exporters and by seaboard houses. The market opened 1/2 to 1/4 up and made further advances; the gains being well held despite the fact that considerable profit taking was going on at times by those who were buyers last week. Export sales over the week-end were estimated at around 1,000,000 bushels from Atlantic and Pacific points and were largely Milled. It was reported that there were other export orders waiting to be filled at prices just under to-day's level. Offerings were very light except at top levels, the pool being about the only sellers early in the day. There was undoubtedly a short covering up the start. Lumber opened 1/2 to 1/4 up and closed 1/2 to 1/4 up.

Broomhall reported better outside buying and small arrivals at Liverpool, while a food scarcity was reported in parts of Russia. There is still no confirmation of Russia buying wheat here, but it is believed that it will be forced to import 40,000,000 bushels of wheat, whereas it was predicted early in the season that that country would export 40,000,000 bushels.

This would make a difference of \$6,000,000 in the world's supply and will considerably alter the bearing picture. The market opened 1/2 to 1/4 up, 18,261,000 bushels, of which 9,644,000 cleared from North America. On passage supplies increased slightly over 5,000,000 bushels and have now reached the total of 77,328,000 bushels. Total delivered for the crop year now stands at 358,331,908 bushels as against 366,276,463 for the same period a year ago.

Canadian visible supply increased 8,166,000 bushels, while the United States visible decreased 1,78,000 bushels. Cash markets about unchanged from last week. Mills and terminals taking the odd car offered. Winnipeg futures closed 1/4 up, 1/4 down from to-day's high.

The trade are looking for a big export business during the Spring months.

Can. grain: There was good East-bound demand for can to-day and prices held strong. There was a little export business in barley and considerable short covering.

Uncle Wiggily's Choo Choo

Copyright, 1928, by McClure News-paper Syndicate

By Howard R. Garis

"Choo! Choo! Too! Too!" That was the sound Uncle Wiggily heard back of him one morning as he was hopping down the front path from his hollow stump bungalow to go adventuring.

"My goodness! There's a train of cars and an engine and everything coming after me, I guess!" exclaimed the old rabbit gentleman as he hopped to one side.

He did not know how a choo choo train could get in his yard, but it was better to skip out of the way first and find out, afterward, what it was all about.

So Uncle Wiggily hopped to a safe place behind a next year's safe tree and waited. He heard the noise again.

"Choo! Choo! Too! Too! Too!"

And then Baby Buntly rushed past, drawing behind her a little toy engine and train of cars, and the little orphan girl rabbit was making that noise with her mouth!

"Choo! Choo! Too! Too!" It sounded just like a locomotive and a train of

cars going up hill. No wonder Uncle Wiggily jumped out of the path. Then he looked at Buntly and said:

"You gave me a fine scare, you little tyke! I thought you were a choo choo coming after me."

"Oh, no," answered Buntly smiling. "This is only a make-believe train of cars. They belong to Vallie, the new little rabbit but she let me take them. I didn't mean to scare you."

"You didn't scare me very much," said Mr. Longears with a jolly twinkle of his pink nose. "But do you have to pull your train, Buntly?"

"I do now," replied the little orphan rabbit child. "But I didn't used to when Vallie's choo choo was new. It went then when I wound up the spring in the engine. And it made a choo choo noise all by itself, too. But it's busted, I guess. I guess Vallie busted it."

"You shouldn't say 'busted,' my dear Buntly," gently chided Uncle Wiggily.

"I always told me to tell the truth," went on Buntly. "And the choo choo is really and truly busted. Look!"

"I meant that you should say 'broken' and not 'busted' my dear," spoke the rabbit gentleman. "Broken is more polite and moving picture like. But perhaps I should mind your little rabbit. Let me look."

Uncle Wiggily was very clever for a rabbit, and when he looked at the engine and cars he saw what was

To-morrow's Horoscope

FEBRUARY 21.

Astrologers read this as a fairly fortunate day in planetary direction. It is a time for active work. There is much promise for women

engaged in the strictly intellectual or artistic lines of work.

This is a sway most fortunate for actresses and the rise of a true artist again is foretold.

America is to achieve greatness in musical interpretation. It is foretold. Singers of supreme talent are foretold.

London astrologers foretell the rise of a new party in Russia and an entire change in government methods.

Europe is to be the centre this year of a vast storm centre and Uranus is held responsible for excessive winds and deep snows.

The Carolinas, Georgia, Florida, and the other southern states will experience the results of severe convulsions of nature, if the stars be rightly interpreted.

Farmers are warned that their crops may suffer serious damage in the late Spring when weather conditions will be unfavorable.

Again the revival of interest in spiritualism is prophesied and science will take cognizance of so-called phenomena.

The conflict between mystics and rationalists will be bitter. It is pro-

pagated, because of an extraordinary incident.

Persons whose birthdate it is may expect important news in the coming year, which will bring change.

Children will be unusually sensitive and temperamental. The subjects of this sign usually have great ability as writers.

C.N.R. Adds to Efforts of Publicity Bureau by Routing Tourists From Prairies as Far as Victoria Only

Making every attempt to aid Victoria and the B.C. coast cities with tourist development from Western Canada, Mr. Creelman announced. This tour, which lasts forty-two days, will be made on the Steamer Laurentic, sailing from the Eastern port on July 7. The return will be made on the Megantic, sailing from Brest, Aug. 11. One of the features of this tour is the fact that the party will not be rushed, Mr. Creelman explained. Seven days will be spent in London and vicinity, six days in the neighborhood of Paris and six days in Switzerland. Distances made through the districts of Holland and Scotland with visits to places of interest are included in the itinerary. The tour will be personally conducted throughout.

C.N.R. Flyer, Confederation, Starts May 19

The de luxe Canadian National Summer train "Confederation" will start operations this year May 19 from Toronto and May 21 from Vancouver, according to advice received by G. F. Earle, district passenger agent for the line here. The Confederation will operate for four months, the last trip being made from Toronto westward September 26 and from Vancouver September 29.

Read This! If You Have Varicose Veins

If you or any relative or friend are worried or suffer because of varicose veins, or bunches, the best advice that anyone in this world can give is to get a prescription that literally hundreds of people all over the country are using with complete satisfaction.

Simply ask your druggist for an original two-ounce bottle of Emerald Oil and apply night and morning to the swollen, enlarged veins, rubbing gently upward and towards the heart as the blood in the veins flows that way. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of a normal size. Emerald Oil is a powerful yet harmless medicine and results are guaranteed by MacFarlane Drug Co. and all good druggists.

SAWMILL SHIPPED NORTH TO START STEWART RAILWAY

Vancouver, Feb. 20.—A sawmill has been shipped to Stewart, B.C., from the Queen Charlotte Islands and will be put to work almost immediately cutting ties for the reconstruction of the Portland Canal short line, which is being undertaken by the Vancouver Holdings Company, headed by Hon. H. H. Stevens, who has completed the financial part of the deal. The company has acquired timber limits up the Bear Valley, along with the railway charter and the steel, which was laid before the war.

The Stevens interests will hold the old Sir Donald Mann townsite east of the railway tracks at Stewart. A new wharf is to be built. The line, it is expected, will be in a greatly improved position for the mines of the Upper Bear Valley from a transportation standpoint.

The British interests, who are doing the financing, have now paid over the money to Mr. Stevens. The railroad will at present serve the George Cooper, Rufus and Argenta, Big Top, Terra Nova, and the Iron Duke copper mines, being built this summer as far as the terminus, but it is held to be the first step toward construction into the famous Groundhog semi-anthracite coal fields about eighty-five miles inland, and eventual extension through to the Peace River Valley.

Stowaways Die of Suffocation in Hold Of Japanese Vessel

Tokio, Feb. 20.—The bodies of six Japanese who attempted to smuggle themselves into the United States were found to-day in the hold of the Takiko Maru, which arrived here from Seattle, Wash., Friday.

The ship's cook confessed to hiding them in the hold on December 20, when the ship sailed for Seattle. From brief notes the men left, it is believed they were suffocated before the ship left Yokohama, after which the cook became frightened and kept their deaths secret until the ship returned to Japan.
